The survey takes about 10 minutes and comes in different languages.

If you complete the survey, you can enter a prize draw to win an iPad!

## What is the survey about?

This survey is to find out about your experiences of living and studying in and around London. We would like you to take part in this survey now, when you start your course, and then another survey five months after you finish your course. This means we can understand how things change after you finish studying.

We will ask you about:

- Why you want to study
- Your job (if you have one) and how you feel about it
- Your health and happiness
- How you feel about managing different situations
- How you feel about spending time with different kinds of people
- Whether you do any volunteering

By taking part you will help to improve adult courses for all Londoners.

**Thank you for helping with this important survey!**

If you have any problems completing the survey, please speak to your tutor who can help you.
